Scouting The Shops

with Sally

"April showers
Bring May flowers"

said the Editor dreamily, gazing out of the window. "Sally, I think there's a good theme for your column this week."

We agree that "April showers bring May flowers" is a lovely thought, a poetic thought, a timely thought.

But how in the name of heaven, we ask you, can we tie it in with the low price of carrots this week at Milo's?

We are not a Lady Poet. We are just plain hard-headed Scouting the Shops Sally. We specialize in bargains, not spring fevers.

And we did find so many bargains this week—aged Oregon cheese at Westlake market, home-made pies at Geneva bakery, garden-fresh strawberries at Farmers K. and D. market, fancy Kentucky Wonder beans at Daly City Cut Rate market.

But this has nothing to do with the Finer Things of Life, which the Editor says we are neglecting. Let's see—April showers bring May flowers. Now mind you, we don't say they don't. They also bring colds in the head.

Our recommendations are a pair of galoshes from Bosco's Shoe store, Pepsodent antiseptic from Edwards Drug store and hot lemonade made with Lucca Ravioli's lemons.

Or how about a nice hot toddy made with Vireno's fine rum and a bit of fresh butter from Robertson's Egg store? Or even a strong mustard plaster with mustard from Colma Pioneer grocery?

We may as well face facts. When the Editor started quoting poetry he probably did not mean for us to go into a discussion of mustard plasters.

Hmm. . the soft rustle of the wind, the musical murmur of rain on the roof—

It's no use. Rain on the roof reminds us that now is the time to start sending your dirty clothes

(Continued on Page 2)

Daylight Saving Time Goes Into Effect

Shaded area shows roughly portions of the United States and Canada where daylight saving time will go into efect at 2 a. m., Sunday. Summer time will be maintained for five months.

Taxes on Motorists

Motor car owners pay a total annual tax bill of $1,320,000,000 on oil, gas and license plates, according to an estimate by the League of Women Buyers and Taxpayers. This is more than manufacturers get for new cars in a year.

Phosphorous Buttons

After weeks of stumbling over each other in the pitch black streets, Berliners are now wearing round buttons the size of a penny around the neck or in the button hole. Covered with phosphorous, they glow in the blackness.

Eight Ounce Gloves

The International Amateur Boxing federation has stipulated gloves in bouts under its jurisdiction must weigh eight ounces, the leather and stuffing not to exceed four ounces each.

Fireproofed Cotton Insulation

The possible use of fireproofed cotton as an insulating material in the construction of homes, office buildings, and other structures has been suggested in Texas, where such a process has been developed.

Scouting the Shops

(Continued from Page 1)

to the New Process Laundry Company. Or that an attic playroom is grand for rainy days and H. H. Smith will help you build one for next to nothing.

Anyway, we think it's silly to listen to rain on the roof when Byrne Radio store sells Zenith radios.

No use hitting our head against stone walls. Let's forget April showers and try May flowers.

May flowers—we'll put one in our lapel and step out for the evening—to the Hilltop Lodge, to Wit's End, to the Daly City theatre, to a whist party sponsored by the Catholic Ladies Aid or one given by Masonic Lodge Social club.

And if we're going to start decking ourselves out in May flowers, we had better let Beeson clean our last year's coat.

No, no—last year's coat isn't a poetic subject either. It's just no use. We are afraid we shall never be any good at the Higher Things of Life.

We don't see why people can't scout the shops in peace, anyway, without having to be all snarled up in flowers and showers.

Height of Chimneys

Height plays a considerable part in the efficiency of a chimney, many authorities maintain. For this reason, chimney heights of 30 to 35 feet as a minimum are recommended. Any arbitrary minimums must be considered in the light of local conditions, however, as overhanging trees, the height of the chimney above the roof, and strong prevalent winds can cause disturbance in the draft action.

Longest Army Gun Range

In the American army the 16-inch gun has the longest range, approximately 30 miles. The Paris guns used in the bombardment of the city of Paris during the World war had a possible maximum range of 79.5 miles, the longest range of any gun known.

Let's Look at SPRING VEGETABLES

Baby Carrots creamed in Mushroom Sauce, with special ap.. g ... make a delightful change for springtime meals.

IN cooking (as in almost everything) Grannie was a rebel. "Why," she would demand, "should peas and other vegetables be cooked in large quantities of water?" Why indeed! In a generation that misunderstood and mistreated vegetables shamefully, Grannie's vegetables were a miracle of flavor. "Be stingy with water and generous with butter," she would admonish. It is still good advice. There are other flavor hints for vegetables, too.

Have you, for instance, ever dropped a slice of onion and a piece of butter into the scant cup of water that's boiling peas? Or simmered carrots in canned consommé? Or served cooked celery with tomato sauce? Or whipped up baked potatoes with grated cheese, refilled the shells and slid them back into the oven for a minute or two?

And speaking of carrots, here's an idea for them you'll like:

Baby Carrots with Creamed Mushroom Sauce, Spring Garnish

16-20 small carrots
1 teaspoon salt
1 can condensed cream of mushroom soup
½ cup milk

Scrape the baby carrots and leave them whole. Cook in boiling salt water until tender, about 20 minutes. Then drain. Empty the cream of mushroom soup into a saucepan, mix well, then stir in the milk and heat. Pour the mushroom sauce over the carrots and heat 3-4 minutes. Turn the carrots into a vegetable dish and sprinkle the spring garnish over the carrots.

Spring Garnish:
2 tablespoons chopped parsley
1 tablespoon chives or green onion tops, very finely chopped
2 radishes, sliced very thin

Mix the chopped parsley and chives (or finely chopped green onion tops) and sprinkle over the "Baby Carrots with Creamed Mushroom Sauce" and garnish with the radish slices. Serves 4 or 5.

Asparagus is another spring vegetable that can be made even more delicious with a wonderful sauce:

Fresh Asparagus with Mushroom-Pimiento Sauce

1 bunch fresh asparagus

To cook whole, tie loosely in a bunch, put into rapidly boiling salted water and cook, uncovered, 10-20 minutes or until tender. Lift bunch from kettle, drain, serve hot stalks arranged parallel with sauce poured over them.

Mushroom-Pimiento Sauce:
1 can condensed cream of mushroom soup
½ cup milk
2 ounces pimiento cheese

Stir the milk into the condensed cream of mushroom soup and then add the pimiento cheese. Heat in a double boiler until the cheese melts and then pour over the asparagus. Serves 6.

Tees for Three

At Yonkers, N. Y., a water tower marks the spot where the first golf tee in this country was located. Early niblick fans, however, found the pasture was too hilly for golf and abandoned what might have been America's first golf course after only three holes had been laid out.

Latin America Purchases

Latin America increased its purchases of United States medicinals 30 per cent in the last year and accounted for 20 per cent of the total shipped from this country.

Men's Trench Coats

A boom in the sale of men's trench coats is due to the "discovery of young men that their girl friends like a uniform," according to the Wholesale Textile association, of London.

Arbitrary Date Line

The International Date Line is an irregular line which is drawn somewhat arbitrarily on the map of the Pacific ocean, near the 180th meridian of longitude. This line marks the place where navigators "change their date" on the trans-Pacific voyage. The line is drawn on the map in a general north-and-south direction, separating the islands of the Pacific ocean in such a manner that all those in the east carry the same date as the United States, and those in the west the same date as Japan and Australia.

Shanghai Child Refugees

Smiling for the first time in months, 400 child refugees in Shanghai were transferred to Chekiang province where they are beginning life anew.

Ladies Aid Holds Annual Whist Party

The annual benefit whist for the needy children of the first communion class on Mother's day will be held next Wednesday afternoon at St. Michael's hall, 32 Broad street.

Sponsored by the Catholic Ladies Aid Society, Branch 59, the whist will be under the direction of Mrs. Margaret Fields, chairman, with Mrs. Mary Hanley and Mrs. Mary Dunn as co-chairmen.

Playing will begin at 2 p. m. There will be a cash first prize, other awards and refreshments for everyone. The public is cordially invited to attend.

Crocker Lodge Plans Big Whist

Free refreshments will be featured at the big whist party which the social club of Crocker Lodge No. 454, Free and Accepted Order of Masons, is sponsoring, Tuesday evening, at Masonic hall.

In addition to free refreshments there will be a cash prize and many valuable awards. Officers of the lodge said today that they expected a record attendance and are making plans accordingly.

Playing will begin at 8:30 p. m. The public is cordially invited.

London's Autumn Flowers

In the countryside around London in the fall can be found Heather and Willow Herb in flower, Travelers Joy in the Hedgerows, Convolvulus, Teazles, Ivy in bloom, and plenty of blackberries and nuts for the gathering.

U. S. Highest Lake

The highest lake in the United States having an area greater than one-tenth of a square mile, is Tulainyo, 1½ miles northeast of Mount Whitney, Calif. It has an elevation of 12,865 feet.

Mothers Club Hold Monster Whist Tonight

Want to have a good time tonight? Meet all your friends? And maybe win a large cash prize?

If you do, the place to go is Theatre hall, where the Mothers club of Our Lady of Perpetual Help church will hold their annual monster whist party tonight.

Playing begins at 8:30 p. m. Mrs. C. Mullin and her committee announce that there will be many attractive prizes and that they are expecting one of the largest crowds of the year.

"Don't be late," warned Mrs. Mullin, "and come prepared to have a good time."

Bob Witt Plans Anniversary Party

Bob Witt, entertaining proprietor of Wit's End, looked at a calendar the other day and found that tomorow would mark the anniversary of his re-opening.

"This calls for a party," Bob said, and proceeded to engage special entertainment for the event. Bob is a one-man band himself, having appeared in theatres throughout the United States and Europe for many years, "laying 'em in the aisles" according to press clippings.

So the anniversary party starts tomorrow night, and Witt has issued a cordial invitation to one and all to attend.

Of Course She's Happy

Why shouldn't she be? This is hubby's day off and she's having a precious day of recreation. Just to add to her feeling of satisfaction is the thought that all of her fine wool blankets are carefully, thoroughly cleaned, ready to be put away for another season. They were returned from New Process Laundry company this morning—spotless, fresh, fluffy and moth-proofed!

•

"Mmmm, fresh as spring," she murmured gratefully, as she picked up her tennis racquet.

•

You, too, will like our blanket service.

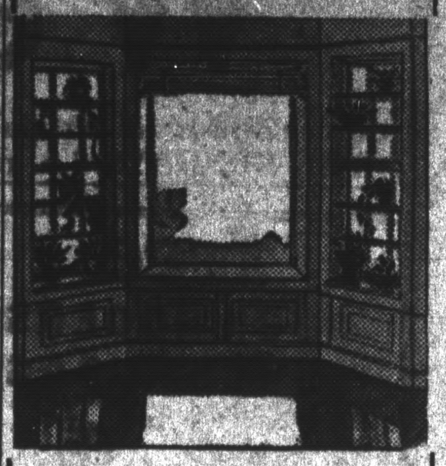
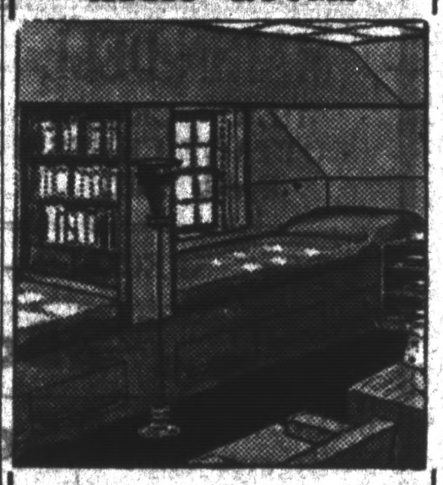
Simple Alterations in Your Home Can Enhance Its Charm



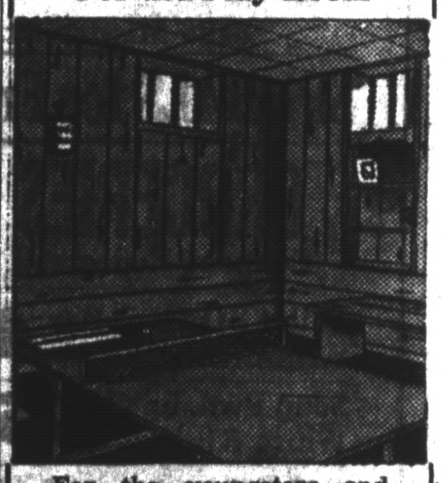
New windows, a charming new entrance, sun rooms, graceful stairways are just a few of the simple changes that often convert an ordinary home into a residence of distinction. We'll be glad to make suggestions and supply free estimates on alterations and remodeling.

Attractive
ATTIC ROOMS



A bunk room for the boys—an extra guest room—a sewing room or study—can easily be arranged in waste attic space at a very reasonable price. Let us show you designs for individual rooms we have created. Using modern interior finishing materials, the job can be done quickly and inexpensively.

KNOTTY PINE
For the Play Room



For the youngsters—and for the grown-ups, too—cheery game room in the basement will provide many happy hours of fun and entertainment. At modest cost—and on easy payments if you wish—you can have a playroom finished in mellow knotty pine, as shown in the illustration.

Up To 36 Months To Pay

Complete jobs or materials to repair, remodel or modernize from $75.00 to $2,500.00 can be financed. No down payment is necessary. LOW COST FHA RATES. We handle all the details of financing. No red tape. No mortgage.

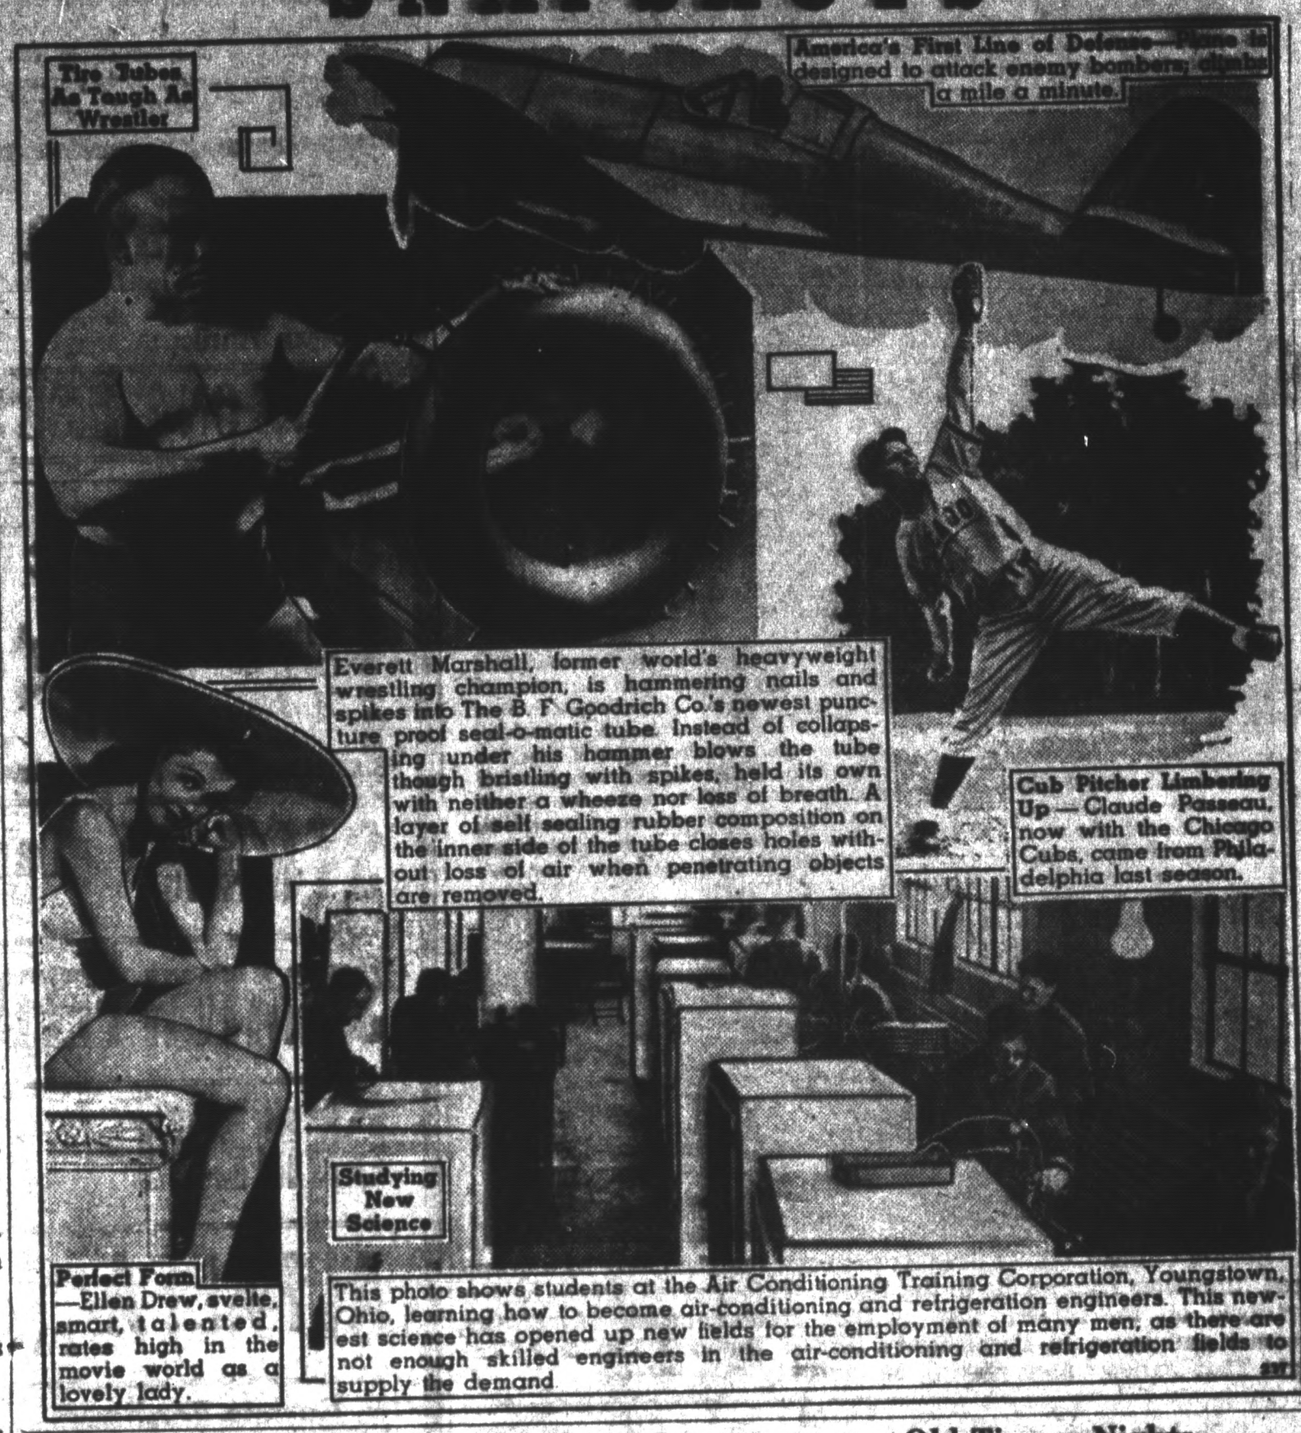
CCC Extended to 1943

Congress has extended the Civilian Conservation corps to June 30, 1943.

THE RECORD SNAPSHOTS



Tire Tubes As Tough As Wrestler
America's First Line of Defense—Plane is designed to attack enemy bombers; climbs a mile a minute.
Everett Marshall, former world's heavyweight wrestling champion, is hammering nails and spikes into The B. F. Goodrich Co.'s newest puncture proof seal-o-matic tube. Instead of collapsing under his hammer blows the tube though bristling with spikes, held its own with neither a wheeze nor loss of breath. A layer of self sealing rubber composition on the inner side of the tube closes holes without loss of air when penetrating objects are removed.
Cub Pitcher Limbering Up—Claude Passeau, now with the Chicago Cubs, came from Philadelphia last season.
Studying New Science
Perfect Form—Ellen Drew, svelte, smart, talented, rates high in the movie world as a lovely lady.
This photo shows students at the Air Conditioning Training Corporation, Youngstown, Ohio, learning how to become air-conditioning and refrigeration engineers. This newest science has opened up new fields for the employment of many men, as there are not enough skilled engineers in the air-conditioning and refrigeration fields to supply the demand.

A STYLISH STOUT

Unusually shaped object being shown by pretty Patsy Sheldon is expected soon to replace the estimated 500,000,000 old type milk bottles now used in the U. S. The bottle, according to glass engineers, is constructed of a particularly tough glass, weighs 17 ounces as compared with the 22 ounces of the present 1-quart glass container. Designed to effect greater saving to the housewife, it will soon be introduced in the Western States.

Old-Timers Nights At Hilltop Lodge

"Come on, you be-whiskered old-timers, put on those old prospecting duds and cavort at the Hilltop Lodge Wednesday night." Old fashioned music, square dances and reels, will be feature attractions, according to announcements made today by the management.

Every Wednesday night, starting next week, will be devoted to the good old days. Members of the Hilltop organization have already raised beards to commemorate the event.

Money in Your Pocket

You don't have to shoot the bill collector or put in a new furnace to save on your winter fuel bill. Scientists of a major glass company have found that savings up to 30 per cent can be obtained by "window-conditioning" a house with storm sash.

Unlawful Land Possession

In most states, land that has been in the unlawful possession of one individual for a period of 20 years automatically becomes his property.

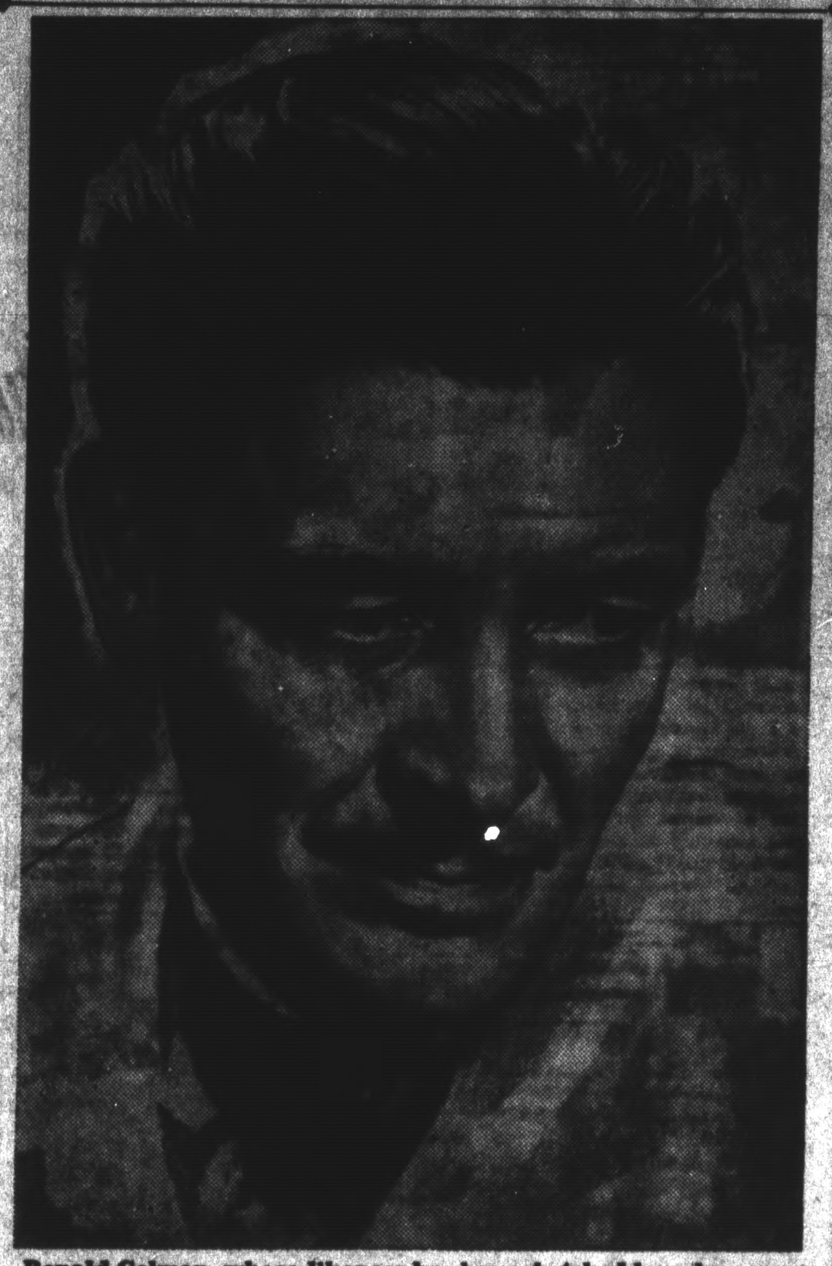
KIPLING'S ADVENTURER



Ronald Colman, whose likeness has been sketched here by a prominent American artist, adds to the list of stout-hearted heroes he has portrayed on the screen, that of Dick Heldar, artist, adventurer, dreamer and lover, in Paramount's film of Rudyard Kipling's "The Light That Failed," now playing at the Daly City theatre.

Crop Loss From Pests
Losses to crops and food products in this country annually from insects and plant diseases have been estimated at $3,500,000,000.

Biggest Building
The biggest building in Europe is the Palace of Justice at Brussels. It covers an area 12 per cent greater than that of St. Peter's at Rome.

Midway Islands Discovery
The Midway islands were discovered on July 5, 1859, by Capt. N. C. Brooks of the American-owned Hawaiian bark, Gambier, who took possession in the name of the United States. Captain Reynolds, in the U. S. S. Lackawanna, took possession formally on August 28, 1867.

'Boom Antwerp'
Americans in Antwerp, Belgium, are sometimes puzzled at the sight of large yellow busses bearing the legend "Boom Antwerp." These are not posters for a booster campaign, but indications that the busses will take you to the town of Boom, 12 miles away.

Insulation Terms Defined
"Fully insulated" and "completely insulated" are two terms frequently misused, FHA officials say. "Fully insulated" means that the house is equipped with both wall and roof—or top-floor ceiling—insulation. Both new and already-built houses may be "fully insulated."

PRACTICAL HEALTH HINTS

Can Gray Hair Be Prevented?

By Dr. James A. Tobey

THE best answer to a query as to whether gray hair can be prevented might well be, "Why prevent it?" It has been sagely suggested, in fact, that the best thing to do about greying hair is to admire it.

Dr. J. A. Tobey

Since gray hair is generally associated with advancing years, and dark hair with youth, many persons are concerned when the color of their hair begins to change. Some, not always wisely, seek relief in artificial devices such as dyes.

The time and amount of greying of hair varies greatly in different individuals. Some become white-haired at 20, others at 60 or later. Heredity plays a part, but so does the mode of life.

Sudden changes in the color of the hair are extremely rare, as most occur gradually. A terrific or violent mental and physical shock might cause a rapid change in hair hue, but such instances usually happen only in books.

Recently there have been reported interesting scientific experiments which indicate that the nature of the diet may exert an effect upon the color of the hair. A newly discovered vitamin seems to be an anti-gray hair factor.

Tests with various laboratory animals showed that when this vitamin was lacking in the daily fare, the fur promptly began to get gray. When the vitamin was restored to the diet, the fur of the animals resumed its natural, youthful appearance.

This vitamin was extracted from the branny coat of rice, yeast, liver, cane molasses, and alfalfa, although the rice bran and liver filtrates of the vitamin were more potent than the others.

Now, I would not be so bold as to state that gray hair can be positively prevented in human beings by food, but these studies are provocative. When carried further, they may yield the secret of the fountain of youth, at least with respect to our hirsute adornment.

Since hair is part of the body, its health depends upon the welfare and nutrition of the system. A well-balanced daily diet helps to promote luxuriant, lustrous hair, and may well be a factor in the postponement of gray hair.

Australia's Wool Production

With Australia's wool production increased from 143,300 bales 11 years ago to 238,000 bales now, the country remains its own third best customer. Only France and Great Britain purchased more Australian wool last year than did Australia.

Lake George Discovery

Lake George was discovered in 1646 by Father Isaac Jogues, known as the French ambassador of peace to the Indians. A statue of the priest and explorer has recently been unveiled on the shores of the lake.

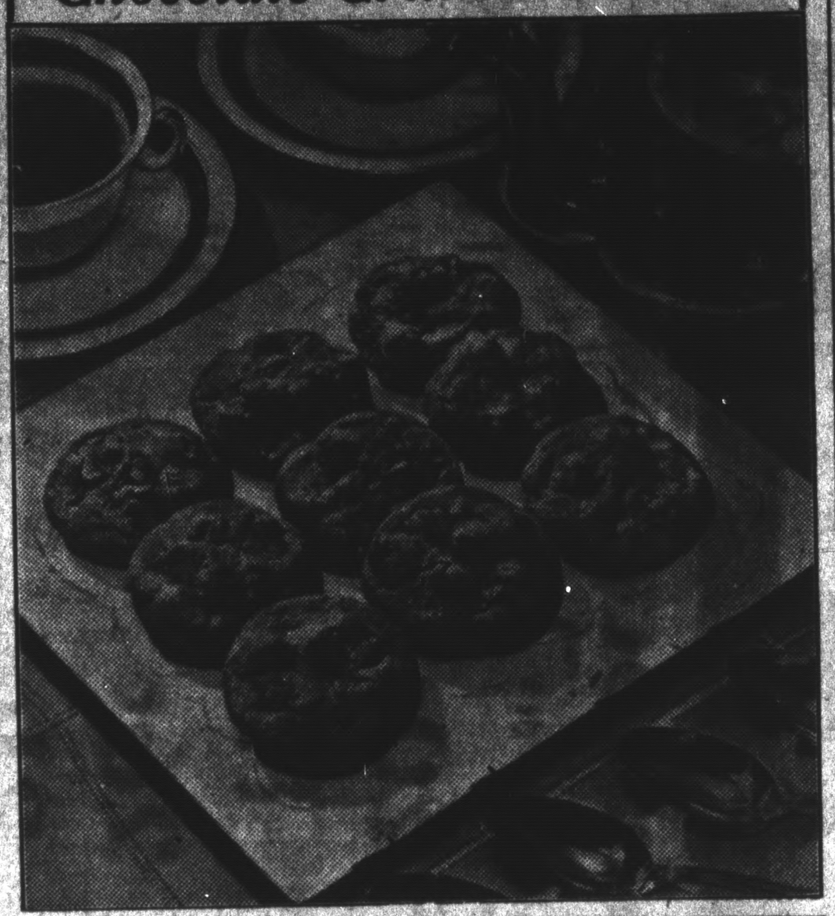
Ghetto in Amsterdam

Probably no Ghetto in Europe has more American visitors than the one in Amsterdam. They come to No. 41 Waterloo Plein to see where Spinoza was born, and to the house at No. 4 Jodenbree street where Rembrandt lived for 16 years.

National Park Visitors

Travelers from 22 foreign countries, five United States possessions, the 48 states and the District of Columbia were among the 361,787 visitors to Mount Rainier National park last year. It was the second largest number of visitors in history.

The talk of the town— *Chocolate Crunch Cookies*



● Over the back fence, around the card table, at the telephone—everyone's talking about Chocolate Crunch Cookies! Families simply love their crisp, crunchy goodness—children beg for them—"Better than candy, Mummy," they say. Husbands take one bite and reach for another of these Chocolate Crunch Cookies, plump-full of nuts and chocolate chunks.

Truly, these Chocolate Crunch Cookies *are* unusual. They're full of nuts and semi-sweet chocolate, and so tender and crisp that they melt in your mouth. If you want the luscious flavor of these ingredients to come through to best advantage, however, make these cookies with pure, bland Spry. It takes only a jiffy to mix up a batch with this creamy all-vegetable shortening. No tedious rolling or cutting, either!

Clip the recipe at the right and make it *tomorrow*. One trial, and you'll agree it's one in a million!

Chocolate Crunch Cookies

1 cup Spry (triple-creamed shortening)	2 eggs, beaten
1 teaspoon salt	½ teaspoon soda
1 teaspoon vanilla	2 cups sifted flour
½ cup granulated sugar	2 seven- or eight-ounce bars semi-sweet or bitter-sweet chocolate, cut in large pieces
1 cup brown sugar, firmly packed	1 cup nuts, cut

Combine Spry, salt and vanilla. Add sugars gradually and cream well. Add eggs and beat well. Sift soda with flour. Add flour to creamed mixture and mix well. Add chocolate and nuts and blend. Drop from tablespoon on Spry-greased baking sheets. Bake in moderate oven (375° F.) 10 minutes. Makes 6 dozen.

(All measurements in this recipe are level)

Firemen Set May 4 For Annual Ball

The Exposition Dance—the biggest social event of the year for Daly City—is less than two weeks away!

Saturday, May 4, all Daly City will dance at the sixth annual Firemen's Ball at Colombo hall, Colma.

Sponsored by the Widows' and Orphans' association, D. C. F. D., the Exposition Dance is requiring the close attention of all fire officials.

"The committees are doing a wonderful job," said Chief Andrew P. Chesney today. "We intend to make this dance a bigger and better one than any in the past."

There will be two large cash door prizes, and Johnny Dell and his orchestra will supply the music.

Battalion Chief Elmer Kennedy is this year's floor manager. Tickets are available from any member of the fire department.

"We especially appreciate the cooperation which local merchants have given us," said Chief Chesney in discussing the affair today.

Full details of committees and arrangements will be announced next week.

Most Favored Nation

Under the amended 1930 Tariff act every nation is entitled to any reduction in duty given to any other nation, unless the President proclaims that a certain country is discriminating against our commerce. Such a proclamation was made by the President in regard to Germany. Germany is the only country to whom the most favored nation tariff policy is denied.
